The revised RAI response looks acceptable to me. Based on this revised response, please change the status of RAI 19.01-31 from open to confirmatory. I understand that closure is pending our review of Revision 7 of the FSAR.

Thank you all for assisting me on this issue.  
Marie

Everyone,

Here's STP revised response to RAI 19.01-31. Please review and provide feedback. I believe this adequately addresses our discussions with STP on this issue, so I'm assuming this makes the RAI as "Confirmatory" and as such, we no longer need to speak with STP on this matter. It should be included in changes to the FSAR in Revision 7 which we should be getting early next year. If my assumptions concerning this issue are incorrect, please advise.

Thanks,

Rocky
