The first bullet is the one involving my comments. This is what I was expecting. I'm good with it.

Thanks,

Mike,

This is a partial response to the list provided below. Please distribute as appropriate.

-- Tables 12B-1 and 12B-7 will be corrected in COLA Revision 7 to match the markup shown in U7-C-NINA-NRC-110070.

-- In Subsection 12.2.1.2.6.2, the reference to "Table 12.2-13" was incorporated by in the FSAR reference from the DCD and followed the convention reflected in the DCD for references to subparts of this table identified by letter designations in the table number. However, to clarify this table reference, the table number will be changed from "Table 12.2-13" to "Tables 12.2-13a through 12.2-13j" to be consistent with the description for STD DEP 11.2-1 as shown at the beginning of Section 12.2.

-- In Subsection 12.2.1.2.6.2.4, similar to the above explanation, the table number will be changed from "Table 12.2-15" to "Tables 12.2-15a through 12.2-15l" to be consistent with the description for STD DEP 11.4-1 as shown at the beginning of Section 12.2.

-- In Subsection 12.2.1.2.10, the GDC references are as shown in the approved DCD, which also does not list them as references.

-- In Subsection 12.2.2.5, the description for Reference 12.2-10 is incorporated by reference in the FSAR from ABWR DCD, where the reference is listed.

-- The source tables referenced in Table 12.2-5a, for those listed below, are references to tables in the DCD which are incorporated in the FSAR by reference from the DCD.

Note that COLA Part 7, Tables 5.0-1 and 5.0-2, incorrectly show Tier 2 Section 11.4 is affected by Tier 1 departure STD DEP T1 2.15-1. This administrative error will be corrected in COLA Revision 7.

Coley Chappell

Coley,

According to our Chapter 12 review of Rev 6 of your COLA, all RAIs are closed, but we have confirmatory issues still left for your latest April 26, 2011 response to RAI 12.02-20 (ML11119A076, U7-C-NINA-NRC-110070). Please note that this DOES NOT include our ongoing review of RAI 03.08.04-37 as it may relate to potential revisions necessary to Chapter 3, 11 and 12.

- For RAI 12.02-20, fix Tables 12B-1 and 12B-7 to make them identical to how they were presented in the final spent fuel pool RAI response (include missing title in 12B-1, and make information identical to the RAI response in both tables, unless you have a reason for changing it, in which case you need to explain).

The following is a listing of editorial changes noticed during our Rev 6 review that should also be included in Rev 7 for Chapter 12.
