SUBJECT: Notification of the Indian Point Energy Center Phone System Upgrade and Change to a New Single Three Digit Exchange Number
Indian Point Unit Nos. 2 & 3
Docket Nos. 50-247 and 50-286
License Nos. DPR-26 and DPR-64

Dear Sir or Madam:

The purpose of this letter is to notify the NRC that the Indian Point Energy Center (IPEC) is upgrading the phone systems which will consolidate the current IPEC phone exchanges into a single new three digit exchange (254). Contacting IPEC should be by use of the existing area code (914) with the new 254 exchange and the same last four digits for accessing site personnel. The external NRC Resident Inspectors (RI) phone number (Unit 2: 914-739-9360, Unit 3: 914-739-8565, Conference Line: 914-739-9361) and the Control Room (CR) POTS lines will not change. All other phone numbers in the CR will change to the new 254 exchange. The internal NRC RI phone number (734-5347) will change to the new 254 exchange. The effective date of the change is December 5, 2011. Please update your records and any contact capabilities to reflect the new communication exchange number.

If you have any questions or require additional information, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Walpole".
