Re: License Amendment

The purpose of this letter is to request an amendment to the National Oceanic and Atmospheric Administration (NOAA), Northwest Fisheries Science Center (NWFSC) NRC Materials License, number 46-06377-04, docket number 030-08203. The reason for this amendment is to reflect upcoming changes with the Radiation Safety Officer (RSO) position. Under the current license, item 11.B., I am listed as the RSO. I will be retiring from the NWFSC and my last day is December 2<sup>nd</sup>, 2011. I request that Mr. Thanh Minh Trinh P.E. be designated as RSO. Mr. Trinh is currently our Safety and Environmental Compliance Officer. He was a nuclear engineer at the Puget Sound Naval Shipyards (89-94). Bremerton, WA and was required to take a 40 hr Radiological Control class every two years. He has just completed a 24 hr Low Level Radioactive & Mixed Waste Management class from Dade Moller. In addition, he will be taking Dade Moller's 40 hr Radiation Safety Officer class November 14-18, 2011. Currently, I familiarizing Mr. Trinh with the NRC materials license, radioactive material operating and waste disposal procedures, instruments, and radioisotopes used at NWFSC. Also, Mr. Trinh will participate our in annual radiation safety audit (November 22, 2011) done by Joe Skovron of NW Radiation Services. The audit will help immensely in familiarizing him with the RSO responsibilities at NWFSC.

Please remove my name (W.L. Reichert) from the authorized users list.

If you have any questions or need additional information, please contact Dr. William Reichert at (206) 860-3344 until December 2, 2011 or Thanh Minh Trinh P.E. at (206) 860-3316.

Sincerely,

William L. Reichert, Ph.D.
