Name of Licensee: Brayman Construction Corporation

Name of Participant(s): Jeff Hopple & Sattar Lodhi

Telephone No. 724 443 1533

Subject: Training of RSO

(NOTE: This will be used as the Documents Title in ADAMS)

During my earlier telephone conversation with the licensee personnel, the licensee had stated that they are having the vendor come to their facility to provide RSO training. However, as of today, the licensee had not provided the needed documentation. I called the licensee again to remind them that unless they can provide documentation soon, we may have to void their request.

The licensee stated that the vendor is coming to their facility on December 5, 2011, and after the training is completed, they will forward a copy of certificate of training to me. I reminded the licensee that the individual must have training in topics and regulations related to portable as well as fixed gauges because their amended license will include authorization for both types of gauges. The licensee stated that they understand and the training will include all necessary topics.

Action Required: Document/ Void action after December 9 if no satisfactory response received
