SUMMARY

This refers to your license amendment request dated September 1, 2011 (with attachments) and the phone conversation between Marcia West and Frank P.D. Tran on November 23, 2011.

**During our review of your letter (with attachments) dated September 1, 2011, we noted that area surveys and wipe tests for the bathroom (next to the imaging room) and the second treadmill room were omitted. In addition, we did not find the last calibrated date for Cobra II Auto Gamma MCA in the reports.**

**Ms. West stated that the treadmill room number 2 was a backup treadmill room, this room has never been used, and licensed material has never been in this room.**

**Please submit 1) a confirmation that licensed material has never been used in the treadmill room number 2, 2) a record of area survey and wipe test for the bathroom next to the imaging room, and 3) the last calibrated date for Cobra II Auto Gamma MCA at the time that wipe test analysis was performed.**

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
