SUMMARY <i>(Continue on Page 2)</i> <b>Naval Reactors: Michael Schultes</b> <b>Nuclear Regulatory Commission (NRC): Jennie Rankin, Daniel Forsyth</b>				
<p>The NRC staff is currently reviewing an amendment request to the 688 Class Reactor Compartment Disposal Package. This telephone conversation was requested by the NRC staff to clarify questions concerning the submitted request for additional information responses.</p> <p>The radiological surveys and the frequency of radiation surveys taken on the package were discussed. In addition, the effective power history and corresponding uncertainties were also discussed.</p> <p>Naval Reactors indicated they would look into more information regarding the nominal and typical power histories. A follow up telephone conference will be scheduled in approximately one week, if needed.</p>
