Dear Mr. Marc Ferdas:

This is to inform you that in compliance with the Confirmatory Order Modifying License of reference issued by the U.S. Nuclear Regulatory Commission (NRC) of January 21, 2010, *Operational Radiation Safety*<sup>1</sup> published the article that I submitted on its November 2011 issue (Vol. 101, No. 5) titled: "*The U.S. NRC and the ADR Process Learning Experiences*".

Also in accordance with the aforementioned confirmatory order, I submitted an oral presentation to the Health Physics Society summer meeting 2011 in West Palm Beach, Florida that was denied. However a poster presentation on the same topic was accepted and presented at the Health Physics Society meeting during the summer of 2011 at West Palm Beach, Florida titled "*The U.S. NRC and the ADR Process Learning Experiences*".

With the publication of the article in *Operational Radiation Safety* and the poster presentation given at the Health Physics Society summer meeting, I have complied with all the commitments required of me by the NRC pursuant to the above-mentioned confirmatory order. Please let the administrative record reflect my full compliance with the confirmatory order.

Yours truly,

  
Juan E. Pérez Monté, M.D.
