SUBJECT: INTERNATIONAL TRIP REPORT ON THE 8TH OECD-NEA PKL-2
PROGRAM MEETING, NOVEMBER 8-9, 2011, ERLANGEN, GERMANY

In accordance with office instruction number ADM-011, Rev. 1: International Travel Planning and Reporting, I am enclosing the subject report on my travel to Erlangen, Germany, during the period of November 8-9, 2011, to attend the 8th Meeting of the Organization for Economic Cooperation and Development (OECD) – Nuclear Energy Agency (NEA) Primarkreislauf-2 (PKL-2) Program Review Group and Management Board. The OECD-NEA PKL-2 Project is an international consortium designed to generate steam-generator performance and boron-precipitation data for computer code assessment and to help answer licensing analysis questions.

Over 40 people, representing 14 different member countries, attended this meeting and participated in the discussions and activities as described in the published agenda. The main topics of discussion were the preliminary results from Test G7.1, the PKL-2 final report, preparations for the 2nd PKL-2 Analytical Workshop, and the follow-on PKL program.

The content of this trip report is not likely to be of interest to the Commission.
