RE: NRC-2011-0224, Request for Comments on Draft Regulatory Guide "Applications of Bioassay for I-125 and I-131"

To Whom It May Concern,

The State of Wisconsin, Radioactive Materials Program has reviewed the above document and submits the following comments:

- 1) The columns in Table 1 should be numbered. Column 3 in Part C.1.d and Column 2 in Part C.1.c appear to reference the same column.
- 2) Wisconsin supports the 1 microcurie action level in Parts 4.b(1) and 5.a(1) and the 5 microcurie action level in Part 5.a(2).

Thank you for the opportunity to provide this information. Contact me if you have any questions.

Sincerely,

Krista Kuhlman
