Thanks, Melissa. Again, how many tribes have actually signed up with your Gillette office?

Regards,
Alan

We'll have the following Strata team members present:

Tony Simpson
Mike Butcher
Ben Schiffer
Melissa Butcher
Joe Scyphers or Dave Risley

I believe that puts us at 27. We have had as many as 30 in the office, when we had our initial NRC visit in October 2010, but it was standing room only and we relocated drilling staff to the church for those two days. We will certainly make do with the space available if necessary, but I wanted to make sure we had a backup plan if necessary.

Thank you,

As of today, there would be 14 tribal, 6 NRC, 2 BLM, and ___ Strata personnel. I believe you've had more in your Oshoto office?

Subject: Ross Project Section 106 Site Visit

Importance: High

Good morning, Alan –

In looking over the list of attendees for the Section 106 site visit scheduled on November 2 and 3, we have some concerns that the space available at the field office may not be adequate. We may have the ability to reserve space at the nearby Oshoto church, which will comfortably hold 40+. Let me know your thoughts on a) logistics of relocating to a site approximately ¼ mile down the road; and b) tribal perception of the church as an alternate location.

Thank you,

Melissa Butcher
