Hi, Alan – Steve mentioned specifically a reply email he had seen from Waste Win Young of the Standing Rock Lakota to you, indicating a TVA meeting on that same date.

Steve was headed this morning to a THPO associational meeting in North Dakota with the following tribal representatives, and he was going to bring up the topic of the site visit there. He asked that I call back on Friday and he would let me know how the discussion went.

Melissa,

Did Steve Vance indicate who the other tribes are that cannot make the site walkover and consultation? Thank you.

Alan

Subject: FW: Logistical Information for 2nd Ross Site Walkover and Consultation

Good morning, Steve – it was a pleasure visiting with you today regarding the upcoming Section 106 Tribal Site Walkover and Consultation for Strata Energy's Ross Uranium ISR Project. It is my understanding that you may have a conflict that would prevent you and several other tribal THPOs from attending the consultation planned for November 2-3. I appreciate your willingness to raise the question at your meeting with THPOs from other tribes this week, and I will give you a call on Friday as discussed to follow up.

For your information, I have included below an email received last week from the NRC with attachments detailing the agenda for the site walkover and subsequent consultations. We look forward to meeting you in the near future and to working with you throughout the Section 106 process.

Best regards,

For Strata Energy:
