Lee,

So, does that mean that you will not be attending next, either?

Alan

Subject: Ross Site Walkover and Consultation

All,

The walkover and consultation for the proposed Ross uranium ISR project in Oshoto, WY, will take place on September 13 and 14. Eleven tribes indicated that they can attend. For those tribes that cannot make those dates, a second site walkover and consultation meeting will be conducted/scheduled in October (dates not established, yet).

Next week an agenda for both the site walkover and consultation will be sent. The September 13 site visit will begin with the registration process at the Best Western Tower West Lodge in Gillette, WY at 8:30 AM and then depart for the site visit at 9:30 AM. The September 14 consultation, as described in earlier correspondence, will also take place at the Best Western. The location of the October consultation meeting has not been confirmed. We will forward that information to you once a date for the second site walkover has been confirmed
