Jane:

I noticed a typo from me.

The length should be 3' - 12' length

All other info is correct.

Please make this change and let me review before issuing.

Richard,

Please review the attached draft of amended export license XCOM1186/01, and let me know if there are any discrepancies. Specifically, the yellow highlighted area in the "DESCRIPTION OF MATERIALS OF FACILITIES" block.

Please note any changes after this license is issued, and before its expiration date, may incur additional fees.

Good catch !

I left this out by mistake.

Please add the 1751 Halden back the same as the prior license.

Thanks,

Rich,

I am working on the amended license application (XCOM1186/01). The address of "ultimate foreign consignee" (box 9) listed in license amendment application XSNM1186/01 left out "1751 Halden", which was listed in XSNM1186, the original license application. Could you please let us know if we should follow what is listed in XSNM1186/01 and leave "1751 Halden" out?

Richard,
That doesn't cause a problem for us since you had it on your previous license, I appreciate your email explanation though.

I tried to call you today to clarify the understanding that the amendment to the license does not allow you to export an ADDITIONAL 200 tubes, the 200 tubes is a total for the license as a whole (including amendments) so if you've already shipped some of them, that amount counts against the total. For example, if you shipped 20 tubes under XCOM1186, you only have 180 tubes left to ship under XCOM1186/01. I just wanted to make that clear. That being said, if you do need to ship more than that, new assurances will be required to increase the quantity on the application.

Please call me if you have any questions or would like to discuss. I will need an answer from you before I can move your case further.

Thanks and happy thanksgiving!

Jennie:
The correct company name is Veridiam, Inc but if this causes a problem, you can leave off the Inc.
