Dear Mr. DeLaBarre:

Enclosed is an application, dated December 1, 2011, received by the U.S. Nuclear Regulatory Commission (NRC), from Mitsui & Co. (U.S.A.), Inc., requesting an amendment to its existing license, XSNM3647. The purpose of the amendment is to extend the expiration date from February 29, 2012 to February 28, 2017.

Please note that the NRC continues to monitor Fukushima effects.

Since there are no changes to the terms and conditions of the existing license being requested, our office is processing this as minor amendment. Therefore, the NRC intends to issue the license after the required 30-day review period.

Sincerely,

/RA/
