12/5/11 (14:00) I left a message on the voice-mail that the phone number connected me to and will check license for alternative numbers. (14:15) NRC 314 provided phone number to contact Mr. Newsome as 304-369-8500. The receptionist did not recognize the name and transferred me to Gary Francis who was not in and I left a message. (14:30) Other correspondence indicated Mr. Newsome could be reached at 304-369-0048 but there was no answer. (15:00) According to the last amendment request, the gauges were transferred to Jack's Branch Coal Company, dba Mammoth Coal Processing (304-442-7201), NRC LN 47-23091-02. The voice-mail system did not leave an option for contacting the RSO, Steve Farley, so I left a message with environmental and Engineering Department to get back in touch with me.

12/6/2011 (09:15) Mr. Farley returned my call. I explained to Mr. Farley that gauges were transferred from Endurance Mining to Jack's Branch Coal in 2010, Endurance Mining did not provide all the necessary information to terminate the license, and the termination action was subsequently voided. Mr. Farley stated that Mr. Newsome would be arriving at the plant later today and that they would review the records and fax the information to the region. I requested that a cover letter with Endurance Mining's letterhead be used to reopen the termination action and to call me if they had any other questions.
