12/2/2011 (10:30) Phone message indicated business hours are only on Monday through Thursday.
12/6/2011 (11:45) I left a message with the receptionist because Mr. Barody was not returning voice-mails.
12/6/2011 (14:10) Mr. Barody returned my phone call and had Mr. Boggan in the room listening in on speaker phone. I explained how the device was specifically licensed and not general, the EPAct of 2005, and presented the options that were available. Mr. Barody stated that he would contact RMD and start the process to covert the device to be authorized under a general license. He understood that the device would need to be kept in storage until the conversion was complete. The device had last been used in mid-October 2011 and was in storage prior to that for about two years. The device also would not be used outside the boundaries of the State of Connecticut.
