Subject: TCP Study Proposal Information

Mr. Butcher,

Attached is a proposal prepared by Mr. Curley Youpee, THPO of the Fort Peck Assiniboine and Sioux Tribes. It is a model (template) Scope of Work (SOW) for conducting a Traditional Cultural Properties (TCP) survey. While the header on the SOW contains the words "United States Nuclear Regulatory Commission (NRC)", the NRC did not prepare the document or assist in its preparation. It was given to the NRC by Mr. Youpee, for the NRC's use. I am forwarding it to you for information. You may use it as a guide, if you choose, as you prepare your TCP SOW, but understand that the NRC has not endorsed this document. Strata's TCP SOW will then, be sent to each of the 22 Devils Tower-affiliated tribes (that have indicated their interest in the project), and the Chippewa Cree Tribe for their review and comment.
