Station
Patuxent River
Attachments: 724040_2000_2010_Final_326.xlsx

Mr. Park,

Attached is the data you requested. About the data: The first page is the monthly averages for 2000-2010. The second page is a summary for each month from 2000-2010, and the third page is a daily summary. The snowfall amount data is missing due to not being reported in the observations. Thus, I included the number of hours of snowfall, and daily precipitation totals on the daily summary (page 3).

If you have any questions or need clarification of the attached data, please contact us.
