**Subject:** RE: renewals of NRC licenses

Betsy, sorry for the delay but it is schedule to be mailed to you by the end of this week. It just has been a crazy month of catch up.

*Best Regards, Ray*

**To:** Ray Moncevicus  
**Subject:** renewals of NRC licenses

License Nos. 06-19165-01, 06-19165-02G  
Docket Nos. 030-17073, 030-21004  
Control Nos. 576325, 576326

Fischer Technology Inc.

Mr. Moncevicus,

Although we received the fax back in early November, we have not received the followup full renewal applications for your -01 manufacturer/distributor license and the general distribution license. We understood at the time that you could not submit the renewal applications because of the lack of electrical power at your facility, but you would submit the information as soon as you could retrieve it when power was restored.

Please update me on your submission.

Thanks,  
Betsy
