Re: Review of *Submerged Cultural Resources Survey, Calvert Cliffs Unit 3 (CC3), Calvert Cliffs Nuclear Power Plant Site, Calvert County, Maryland*

Dear Mr. Francis:

In response to a request from UniStar Nuclear Energy, the Maryland Historical Trust (MHT) is reviewing modified and additional locations of certain structures and components related to the Calvert Cliffs Nuclear Power Plant Unit 3 (CC3) project to assess potential effects on historic properties in accordance with Section 106 of the National Historic Preservation Act and the Maryland Historical Trust Act, State Finance and Procurement Article §§ 5A-325 and 5A-326 of the Annotated Code of Maryland.

In a letter dated 15 August 2011 we submitted recommendations and specific editorial comments related to a draft report titled *Submerged Cultural Resources Survey, Calvert Cliffs Units 3 (CC3), Calvert Cliffs Nuclear Power Site, Calvert County, Maryland* by Panamerican Consultants, Inc.

On 25 October 2011 we received a revised version of that draft report. It incorporates some of our comments, but a significant number of our comments and concerns were not adequately addressed. As a result, additional consultations were initiated on 18 November with Panamerican Consultants, Inc. in order to present our concerns, discuss a path forward, and expedite the review process.

We expect that our concerns will be addressed in a forthcoming revised version of the report.

If you have questions or require further assistance, please contact me at mnowak@mdp.state.md.us or (410) 514-7668, or Dr. Susan Langley at slangle@mdp.state.md.us or (410) 514-7662. Thank you for providing us this opportunity to comment.

Sincerely,

Troy J. Nowak
