11/10/11

Dear Ms. Bladey:

This letter is in reference to the Proposed Alternative Soils Standards for the Uravan, Colorado Uranium Mill.

The proposal is for alternative standards for soil clean up in four areas of the Uravan site in Montrose County, Colorado.

Montrose County Colorado supports the Administration's proposal to use alternative standards for soil clean up on the Uravan site.

If you have any further questions regarding this request please feel free to contact me at 970-252-4550.

Sincerely,

Steve White
Montrose County
Planning and Development Director
