Dr. Kolodziej and Mr. Rhoe,

Please note that the last official update was received from David Rhoe by email on October 31, 2011. Since then, reviewed and accepted the funding plan and cost estimate, and we issued the amendment to match the CFA to your list of radionuclides, and Mr. Rhoe and I had some email correspondence related to that in early November.

Please update me on your efforts to obtain a financial assurance instrument in the amount of the cost estimate. These updates are supposed to be provided every 30 days.

Thanks,  
Betsy
