Dear Ms. Weidner:

As reported in previous correspondence of October 1, 2011 and November 8, 2011, copies of which are enclosed, please be advised of a change at Sharon Hospital, a general acute care hospital (the "Hospital"), located in Sharon, Litchfield County, Connecticut.

The owner of the Hospital continues to be Essent Healthcare of Connecticut, Inc. ("EHC"). Effective November 4, 2011, EHC's parent organization, Essent Healthcare, Inc., merged into and became an affiliate of RegionalCare Hospital Partners, Inc., a Delaware for-profit company.

An organizational chart showing the pre-merger and post-merger structure is enclosed for your review. As you can see, Essent Healthcare of Connecticut, Inc. continues to be the owner of Sharon Hospital. In addition, the name of the Hospital and its tax identification number **did not change**. There are no expected changes in personnel, including the radiation safety officer, and no changes in safety policies, procedures and services, except in the normal course of business. Any material changes in the future will be reported to the NRC, as appropriate.

The Sharon Hospital management will remain in place and in control of the Radioactive Materials License held by the institution.

I can be reached at 860-364-4012 or you may contact Faye Edwards at 615-228-9800, if you have any questions or need further information.

Sincerely,
