RE: Request for change to Radioactive Materials License # 10-25439-01

We would like to change section 9.A.

From:

For the removal and replacement of Laser Transmitter-Receiver units (Laser Designator Ranger Modules) in Low Altitude Navigation InfraRed for Night (LANTIRN) and Sniper Targeting Pods.

To:

For the removal and replacement of Laser Transmitter-Receiver units (Laser Designator Ranger Modules) in Low Altitude Navigation InfraRed for Night (LANTIRN), Sniper and ATP-SE Targeting Pods.

The reason being that the same source part number (Amersham Model AMM) and quantity are also used in the Advanced Targeting Pod Sensor Enhanced (also know as ATP-SE) Manufactured by this company.

Respectfully,

James D. Kincaid
