December 5, 2011

Mr. Michael J. Pacilio
Senior Vice President, Exelon Generation Company, LLC
President and Chief Nuclear Officer (CNO), Exelon Nuclear
4300 Winfield Road
Warrenville, IL 60555

**SUBJECT: CONFIRMATION OF CHANGE TO INITIAL OPERATOR LICENSE
EXAMINATION 2012: LASALLE COUNTY STATION**

Dear Mr. Pacilio:

We have received your Station Letter RA11-061, dated November 11, 2011. In that letter, you requested the initial operator licensing examination scheduled at the LaSalle County Station for September 2012 be changed to October 2012.

In response, we have canceled the September 2012 initial operator licensing exam and rescheduled an initial operator licensing examination for the weeks of October 22 and 29, 2012, at the LaSalle County Station. An on-site validation is scheduled for the week of October 1, 2012.

We understand that your staff will develop the examination. Because your previous corporate letter indicated that there were more than nine applicants being considered for this examination, the examination was scheduled for two weeks. Please inform us if the number of candidates change for any examination as this will impact the examination schedule.

A supplementary letter will be sent to the training department approximately 120 days prior to the examination informing the training manager of the chief examiner's name. The letter will also outline examination security expectations, list the materials required by the NRC to conduct the examination, reconfirm the examination date, and reconfirm the number of candidates you have in the training program.

In accordance with 10 CFR 2.930 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's Agencywide Document
