UniStar's letter with ADAMS Accession Number [ML11335A244](#), dated November 30, 2011, provides a tabulation of RAIs (See Table 1 and Table 2 at the back of the UniStar Letter) with the applicable response dates ([some of these dates have been revised from the previously projected dates in UniStar's letter dated August 23, 2011](#)).

This letter contains specific schedule information on the following RAIs pertaining to the Calvert Cliffs Unit 3 Combined License Application. This information is being sent to you because one or more of the RAIs whose response forecast appears in this UniStar's letter were initiated by your group. Please review the forecast response dates provided in the letter and let me or the chapter PMs know if the response schedule provided by UniStar warrants changes to the current EPM schedule.

Since I have to revise the public milestones for the Calvert Cliffs Unit 3 COLA review based on these new forecasts, I will appreciate your input as promptly as you can.
