Re: License No. 21-16560-01 Amendment Request:

Ms. Simmons

As Discussed by phone today we wish to remove the HC 67, Box 181-AA, West Union, West Virginia address from our license. I was informed last week we would not be storing radioactive materials at this location any more. It is listed in section 11 (B) of the existing license. Due to the fact that the materials were stored in a vehicle that is no longer at this location there is no need to perform a radiation exit survey.

Thank you very much for your help with this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,

William D Reeve

Corporate Radiation Safety Officer
