Alan--

Thanks so much for the heads up. Mexico is terrific and I must say going home will be hard but this helps me keep my schedule manageable when I return. Would it be possible to get a copy of the proposal you all have been reviewing as prep for the meeting? We are a little bit in the dark on this end and will ultimately have to work very closely with the group(s) who conduct the survey. In addition, whomever conducts the survey would be a Strata contractor and hence subject to the parameters of this business relationship. As you'll recall, at the Nov 2 Site Walkover, Strata indicated some crucial questions regarding who would be involved, time frames, concurrence and how potential impacts might be identified. We believe the proposal currently being reviewed by the NRC would help clear up some of these questions. Again, thanks for heads up and working so hard on this tough piece of the licensing.

Ben,

Leanne told me I could e-mail you on your vacation (I, normally, don't like to do this, but for you...). I trust you're enjoying the warmth of Mexico. This is to confirm a conference call on Wed, Dec 7, at 1100 MST (1300 EST) regarding the proposed TCP survey. A bridge line has been arranged: 1-888-889-4048 Pass code: 49940
