Ben,

Recently, Strata submitted a "Revised 2010 Baseline Cultural and Paleontological Resource Survey" report for the Ross ISR Project in Crook County, Wyoming. A properly prepared affidavit, dated October 14, 2011, accompanied the submittals requesting that the report be withheld from public disclosure pursuant to 10 CFR 2.390(a)(3). The purpose of this email is to inform Strata that Staff is granting that request.

Should you have any questions, please do not hesitate to contact me.
