To Whom It May Concern:

Mead Johnson & Co, LLC is adding four additional PECO Fill Level Gauges to its' manufacturing processes. The gauges are all similar to existing devices and contain 100 millicuries of Americium 241. Our current possession limit is 1.8 curie. The addition of four devices will surpass the possession limit by 100 millicuries. We are requesting to raise this limit to 2.3 curie to facilitate this addition and potential future expansion. Our license number is 13-00772-02, amendment No. 73.
