I don't have control regarding Federal Register Notice (FRN) publication. Sometimes, Office of Administration will revise the FRN and then publish. Regarding CD, I just checked with secretary, and it was mailed to you last Thursday (12/15/11) by regular mail. I don't think Office of Public affairs will deliberately release to the press. They may not even know whether you received an electronic copy or not. This is just my guess.

Siva,  
Thank you, although Office of Public Affairs gave it to the press before we got. I dont know if that was deliberate or not?  
Anyways, can you please give me an approximate date at which we can expect to see this in the Federal Register.  
Also when can we expect the CD to be put into the mail?  
Thanks again,  
Paul

I was off Friday. I just listened to your two voice mails. I apologize for the delay. Attached please find the subject document. On the last page of this document, you can find ADAMS Accession Numbers (Package No. ML11339A077). Hope this helps.
