SUBJECT

SUMMARY (Continue on Page 2)				
<p>On June 16, 2011, I called Ms. Savoy to follow up on a March 31, 2011 letter to her attention concerning Calvert Cliffs Nuclear Power Plant LLC's (CCNPP's) application to renew its NRC license for CCNPP's onsite Independent Spent Fuel Storage Installation (ISFSI). The March 31 letter sought information on historic or cultural properties in the area of the ISFSI and to identify any issues with the potential effect of the proposed license renewal on historic or cultural resources.</p> <p>Ms. Savoy stated that to her knowledge, no historic or cultural properties had been found in the vicinity of the ISFSI. I stated that CCNPP was not requesting any new construction beyond that already approved by NRC in the original licensing.</p> <p>Ms. Savoy requested that she be notified if a historic or cultural resources is ever found, and I agreed that the NRC would do that.</p> <p>With that, the call ended.</p>
