

NTTF Recommendation 9.3

50.54(f) Letter on EP Staffing

January 19, 2012

Recommendation:

**Analyze and develop
staffing strategies necessary for
responding to an extended station
blackout, multiunit event**

ASSUMPTIONS

A large scale natural event that results in

- All units being affected
- Prolonged station black out (>72 hours)
- Impeded access to the site for up to 72-hours

50.54 (f) REQUESTED INFORMATION

- How onsite staff will perform multiunit repairs
- Staff to mitigate prolonged multiunit SBO

50.54 (f) REQUESTED INFORMATION

- How onsite staff will restore onsite power
- Identify methods of accessing the site
- Identify planning standards that won't impact public health

50.54 (f) REQUESTED INFORMATION

- Emergency plan changes
- Provide an implementation schedule

Response due in 90 days
