Jim,

Outside of Scope

RES only had one item to be updated. For the Level 3 PRA paper currently due in February, they recommended adding the following under the current due date, "Extension request to change due date to coincide with due date for SOARCA results will be submitted by 10/29/10." Patricia wasn't sure if we should add it now or wait until the update at the end of October, since the request hasn't been submitted yet. It looks to me like other items on the list include planned extension requests, so I think we should go ahead and add it now.

If there's anything else you need on this, please let me know.

Greg

Ask Jim if we should have this note in there or just wait until we send it up 10/29. I don't know that we should state it until we send the extension request up.
Thanks

Subject: REPLY REQUESTED: Items Coming to the Commission for Action/Vote

Importance: High

Please review the attached list of items coming to the Commission for action/vote. SECY will be presenting this list to the Chairman to assist him in establishing his priorities for the next agenda planning session.

For each item:

- Is it an action/voting item?
- Is the due date correct?
- Are there any other papers that you are generating that will be coming for Commission action/voting that are not on the list? If you are not sure of exactly when you will be providing something, please give an estimated date. It is better to have it on the list and adjust the date if need be.

(Items in blue are for Commission meetings, and items in green are new and/or changed.)

Please confirm that the items for your office are correct and provide any other items that should be on the list through July 2011.

Please feel free to provide updates to these items at any time, as soon as you know something has changed and/or you are planning to send a new action/voting paper to the Commission. [Note that SECY is not adding staff generated items to the Commission Tracking System. We are only keeping them on the attached list.]

We appreciate your assistance and attention in putting together an accurate and comprehensive list of action items coming to the Commission.

Thank you,
Rochelle
