Here are the updates for OI, OE, and RES:

Outside of Scope

RES – For the SOARCA (the first line under “Items Tracked – July 2011”), the first column should be updated to reflect that the extension request was approved (although the reset was not approved). Also for that item, in the column for notes (i.e., the section that says when it’s going to be a priority), add the following at the end: “ACRS plans to issue letter after full committee meeting in April.”

That’s it. Let me know if you have any questions.

Importance: High

Please review the attached list of items coming to the Commission for action/vote. SECY will be presenting this list to the Chairman to assist him in establishing his priorities for the next agenda planning session.

u/41

For each item:

- Is it an action/voting item?
- Is the due date correct?
- **Are there any other papers that you are generating that will be coming for Commission action/voting that are not on the list? If you are not sure of exactly when you will be providing something, please give an estimated date. It is better to have it on the list and adjust the date if need be.**

(Items in blue are for Commission meetings, and items in green are newer and/or changed.)

By close of business December 3rd, please confirm that the items for your office are correct and provide any other items that should be on the list through August 2011.

Please feel free to provide updates to these items at any time, as soon as you know something has changed and/or you are planning to send a new action/voting paper to the Commission. [Note that SECY is not adding staff generated items to the Commission Tracking System. We are only keeping them on the attached list.]

We appreciate your assistance and attention in putting together an accurate and comprehensive list of action items coming to the Commission.

Thank you,
Rochelle
