Re: License Number 24-32824-01

Dear Sir or Madam:

We are requesting that our license be modified to allow us to possess a total of six Troxler Electronic Laboratories Model No. 3400 Series portable gauging devices for measuring physical properties of materials. By amending our license, this will increase the maximum amount of Cesium-137 from 18 millicuries to 54 millicuries and Americium-241 will raise from 88 millicuries to 264 millicuries.

We appreciate your assistance in this matter. If you have any questions, please feel free to contact me.

Very Truly Yours,

MAAG GEOTECHNICAL SERVICES, INC.
