Dear Dr. Lee:

We are enclosing six hard copies and four electronic copies on compact disk-read only memory (CD-ROM) of the Radiation Monitoring Report for License SUB-1435 Jefferson Proving Ground, Summary of Results that our contractor prepared for the October 2010 sampling event. This is a requirement of U.S. Nuclear Regulatory Commission source material license number SUB-1435 issued for residual depleted uranium at the Jefferson Proving Ground.

Please contact Mr. Joseph P. Sebunia [(703) 545-2559 or joseph.p.sebunia.ctr@mail.mil] or me [(210) 466-0368 or robert.n.cherry.civ@mail.mil] if you have any questions. Thank you for the opportunity to submit these comments for the record.

Sincerely,

A handwritten signature in black ink that reads "Robert N. Cherry".
