SUBJECT: LETTER OF APPRECIATION FOR USE OF GAFFNEY CITY HALL FOR THE STATES LEE III NUCLEAR STATION UNITS 1 AND 2 DRAFT ENVIRONMENTAL IMPACT STATEMENT GOVERNMENT-TO-GOVERNMENT MEETING

Dear Mr. Taylor:

The U.S. Nuclear Regulatory Commission (NRC) extends its thanks to you and Ms. Lauren Clary for helping the NRC to arrange and host the William States Lee III Nuclear Station Units 1 and 2 draft environmental impact statement government-to-government meeting on Wednesday, January 18, 2012. You and Ms. Clary were extremely gracious in spreading the word about the meeting to the Gaffney City Council, and in providing excellent accommodations at the Gaffney City Hall for the meeting. Your assistance allowed for a convenient and personal setting for members of local and State government to express their viewpoints, comments, and concerns about the proposed Lee Nuclear Station, and ask questions about the NRC's review process for Duke's combined licenses application. Thank you again for helping the NRC meet our mission of increasing openness and transparency in our licensing process.

If you have any questions about the ongoing Lee Nuclear Station license application review, please don't hesitate to contact me at (301) 415-1147 or via e-mail at [Sarah.Lopas@nrc.gov](mailto:Sarah.Lopas@nrc.gov).

Sincerely,
