George and/or Ben,

I need some assistance in locating the proper individual to address Marty's request.

Marty Virgilio is having a periodic with Commissioner Lyons tomorrow.

Commissioner Lyons had Comment #2 listed below regarding state of Technical Programs in the area of harmonizing the various agency challenges that involve low dose consequences to assure consistent treatment ranging from RDDs to SOARCA.

Please have someone provide insights that would be helpful to Marty during his dialog with Commissioner Lyons on this topic.

I told Marty that this information should be to him today, by COB.

I need the input from FSME/RES by 3:00 pm.

The attached file contains a draft SRM which is being circulated for the normal 3-day period for Commission review. As provided in the Internal Commission Procedures, the staff is "...afforded an opportunity to review the SRM to ensure that the Commission decision is clear and understandable and that resource, scheduler, and legal constraints are properly considered." Please provide any responses to Ken Hart (KRH), Michelle Schroll (RMS1), Richard Laufer (RJL), and Rochelle Baval (RCB5).
