Re: Amendment to License  
US NRC License Number 11-27449-01

Ms. Roldán-Otero,

Interstate Concrete & Asphalt requests a license amendment to change one of licensed facilities address from 305 West Murphy Street, Hayden, Idaho to the new address of 15225 N. Vernon J. Baker Blvd, Hayden, Idaho. Our physical location of our building will remain the same. The reason for the change of request is the Idaho Transportation Department installed a frontage road in front of our operations at 305 West Murphy Street address and ITD named the new frontage road N. Vernon J. Baker Blvd resulting in a change in our address.

Once approved from the United States Nuclear Regulatory Commission all radioactive material will remain at the physical location mentioned above.

In addition to the request above, I would also like to give full authority to Ed Benson to request amendments in regards to US NRC License Number 11-27449-01. Please contact me if you have any questions or requests for additional information.

Sincerely,

*Ronald W. Shippy*
