## General Comment

This will be a great opportunity for persons to get employment if this facility does get built in Lea County. But it would be in International Isotopes Fluorine Products Inc. best interest to not contract Tactical Security Solutions (TSS) out of Hobbs NM for their security measure needs. TSS officers currently working @ URENCO USA in Eunice, NM have been stealing things from URENCO personnel. How can you trust TSS personnel to not steal from this facility if it ever gets built???
