Status of License Renewal Application

(NOTE: This will be used as the  
Documents Title in ADAMS)

2/7/2012 (11:40) I spoke with Ms. Alvarez about the status of the renewal application for the above license. She stated that the application was complete and she was waiting for the licensee's finance department to cut a check for the application. I determined that Ms. Alvarez knew the difference between annual fee invoices and that their consultant had marked a price in the fee box as needing to be paid. I informed her that no additional fees were required for the renewal application and that those costs came out of the annual fee. She thanked me for the information and stated that the application would be placed in the mail at the earliest opportunity.
