**MOTION FOR LEAVE TO REPLACE EXHIBIT JNT000013 WITH EXHIBIT  
JNTR00013**

At the ASLB hearing on Contention 10 on January 26 and 27, it was discovered that Joint Intervenors had introduced Exhibit JNT000013, which was a press release referring to a solar power potential study for Maryland, rather than the actual study.

Joint Intervenors now move to withdraw Exhibit JNT000013 and replace it with Exhibit JNTR00013, which is the actual study in question. The Exhibit is attached, along with an updated Exhibit List.

Joint Intervenors note that this is a copyrighted study and we have assured the copyright holders that this Exhibit will not be placed in the public record, but will be made available only to parties in this proceeding. We thus respectfully request that this Exhibit not be placed in the public record.

Joint Intervenors have conferred with counsel for Applicants who does not object to this motion. We contacted counsel for NRC staff and left two voice messages, but have not yet received a reply.

Respectfully submitted,

This 8th day of February 2012
