The Honorable Barbara Boxer
Chairman, Committee on Environment
and Public Works
United States Senate
Washington, DC 20510

Dear Madam Chairman:

Enclosed, for your information, is a copy of a proposed rule that would amend the U.S. Nuclear Regulatory Commission's (NRC) regulations by streamlining its process for addressing a petition for rulemaking.

The NRC's requirements for dispositioning these petitions have remained substantially unchanged since their initial promulgation in 1979. In order to make improvements, the NRC has reviewed both its internal policies and procedures and its external regulatory framework associated with the petition for rulemaking process. The proposed amendments are intended to improve transparency and make the process more efficient and effective.

Sincerely,

/RA/

Rebecca L. Schmidt, Director
Office of Congressional Affairs
