Attachments: LNP Wetland Acreage By Parcel Jan 2012.pdf

Don and Doug,

Per your request, please find attached a table of the wetland acreage for the LNP project broken down by parcel. Please note for the blow down pipeline, barge slip, intake and discharge structures we used the limits of construction (impact limits) as our parcel limits even though these waters extend past our limits of construction.

Please let Paul or I know if you have any questions.

Amy

Levy Nuclear Plant – January 2012 Approximate Acreage of USACE Jurisdictional Wetlands and Isolated Wetlands By Parcel

Parcel	Jurisdictional Wetlands (ac)	Isolated Wetlands (ac)	Total
Onsite	2004	16	2020
Triangle	7.1	6.2	13.3
Ross-Koveski	77	5	82
South	815	53	868
Blowdown Pipeline/Barge Slip/Intake Structure/Discharge Structure*	8.01	0.2	8.21
<p>*Includes surface waters at the CFBC for pipeline crossing, barge slip, and intake structure; the CFBC By-Pass Channel for the bridges and pipeline crossings; and the Crystal River Energy Complex canal for the discharge structure. The impact limits were considered the parcel limits even though the water bodies extend outside this area.</p>
