U.S. Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, D.C. 20555-0001

Re: Florida Power & Light Company
Proposed Turkey Point Units 6 and 7
Docket Nos. 52-040 and 52-041
Response to NRC Request for Additional Information Letter No. 050 (eRAI 6297
Revision 3) - Standard Review Plan Section 17.01 - Quality Assurance During the
Design and Construction Phases

Reference:

1. NRC Letter to FPL dated January 27, 2012 Request for Additional Information Letter No. 050 Related to SRP Section 17.01 – Quality Assurance During the Design and Construction Phases for the Turkey Point Nuclear Plant Units 6 and 7 Combined License Application

Florida Power & Light Company (FPL) provides, as an attachment to this letter, its response to the Nuclear Regulatory Commission's (NRC) request for additional information (RAI) 17.01-1 provided in the referenced letter. The attachment identifies changes that will be made in a future revision of the Turkey Point Units 6 and 7 Combined License Application (if applicable).

If you have any questions, or need additional information, please contact me at 561-691-7490.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on February 27, 2012.

Sincerely,

A handwritten signature in blue ink, appearing to read 'William Maher', is written over a horizontal line.

William Maher
Senior Licensing Director – New Nuclear Projects

**SRP Section: 17.01 – Quality Assurance During the Design and Construction Phases
07/1981**

Question for Quality and Vendor Branch 1 (AP1000/EPR Projects) (CQVP)

NRC RAI Number: 17.01-1 (eRAI 6297 Revision 3)

The COL applicant needs to include in FSAR Section 17.1 a discussion on who is responsible for the establishment and execution of the quality assurance requirements during the design, construction, and operations phases of Turkey Point Units 6 & 7. Specifically, this information should include a description of the delegation for establishing and executing the quality assurance program and who has responsibility for the quality assurance program.

FPL RESPONSE:

The requested information will be provided in COLA Part 2, Section 17.1 in a future COLA revision. This response is PLANT SPECIFIC.

None

ASSOCIATED COLA REVISIONS:

The following text will be added as the first paragraph to COLA Part 2, Section 17.1, Quality Assurance During the Design and Construction Phases, in a future COLA revision:

FPL is responsible for the establishment and execution of quality assurance program requirements during the design, construction, and operations phases of Turkey Point Units 6 & 7. FPL may delegate the work of establishing and executing the quality assurance program, or any parts thereof, but retains responsibility for the quality assurance program.

ASSOCIATED ENCLOSURES:
