Re: Request of Change in RSO License For  
Soil Consultants Inc.  
License Number: 45-15200-04

Dear Mr. Wilson:

Soil Consultants Inc. would like to request an amendment to our above referenced nuclear license. In February 24, 2010 our registered RSO Mr. Mark Smith was relieved of the RSO position and discontinued working for SCE. From February 24, 2010 to present, Mr. Scott Smith has assumed the responsibilities of the RSO position for the company and successfully completed the necessary training provided by North East Technical Service, Inc. and their Radiation Safety Officer Training Course for nuclear gauges, in accordance with Nuclear Regulatory Commission and current U.S. Department of Transportation regulations.

Attached to this letter you will find a certificate that states the successful completion of the above referenced training as well as a request for amendment to our license by the NRC Form 313 "Application for Materials License". Once again, this letter is to request the change of the appointed RSO for SCE. Please change our current licenses from Mr. Mark Smith to Mr. Scott Smith as the registered RSO. If there are any questions or concerns in regards to the request of change to our license please feel free to contact me or our office at 703-366-3000 for clarification.

Thanks,

Scott P. Smith  
President
