Dear Sir or Madam:

03032959

This letter is in reference to NRC License 09-10672-03 as a request to amend the license by lowering the amount of 14C. Our current 14C laboratory stock is 1 mCi and including the waste storage, we typically have 3-5 mCi on site. Therefore, the actions to reduce our 14C allowance are as follows:

Please remove the following amount of 14C from the license:

- 1. 100 mCi 14C

Please add the following amount of 14C to the license:

- 1. 75 mCi 14C

For further questions, please contact Dr. Stephanie Friedman, RSO, at 850-934-2468. Thank you for your attention to this matter.

Sincerely,

Rick Greene, Ph.D.  
Acting Division Director
