RE: License #07-30687-01

To Whom It May Concern:

On February 12, 2012 T.L. Weidner requested information regarding the area surrounding where is RAM is used.

Please note that the area above the injection and imaging areas is a stairwell. This stairwell is only used by the tenant above our suite and not frequently.

The area below the suite is in the basement. The basement houses mechanical items for the building and is not occupied by any tenants.

I hope this information is helpful and will expedite our license renewal.

Best Regards,

Habib Bolourchi, M.D.
